

ITALIANA BORDI

DIGITAL FURNITURE EDGING

We customise
your Ideas

SOFT TOUCH

INNOVATIVE PROCESSING TECHNIQUE

3d

Special edging for
Every Need

We produce furniture edgings digitally using 3D design software, the latest generation of tools capable of applying textures and pattern materials.

A highly qualified in-house technical staff who, in collaboration with external designers and consultants, will rapidly deliver a realistic preview of the finished edgings.

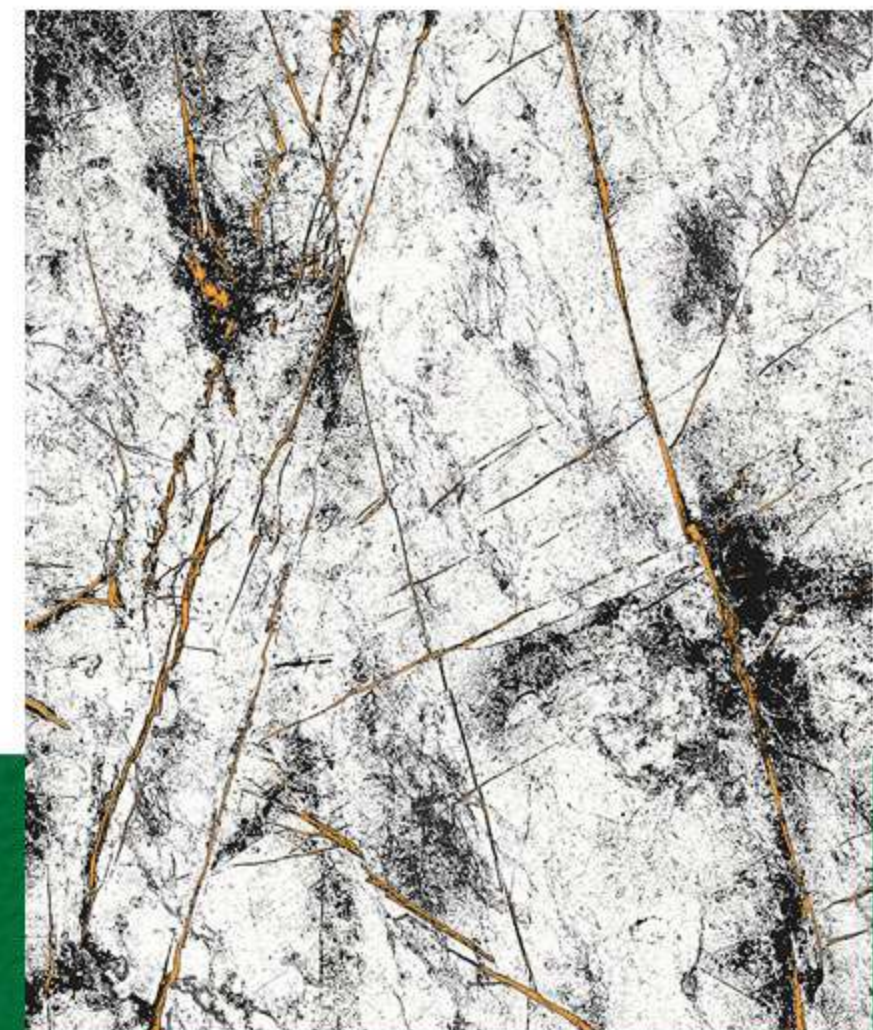

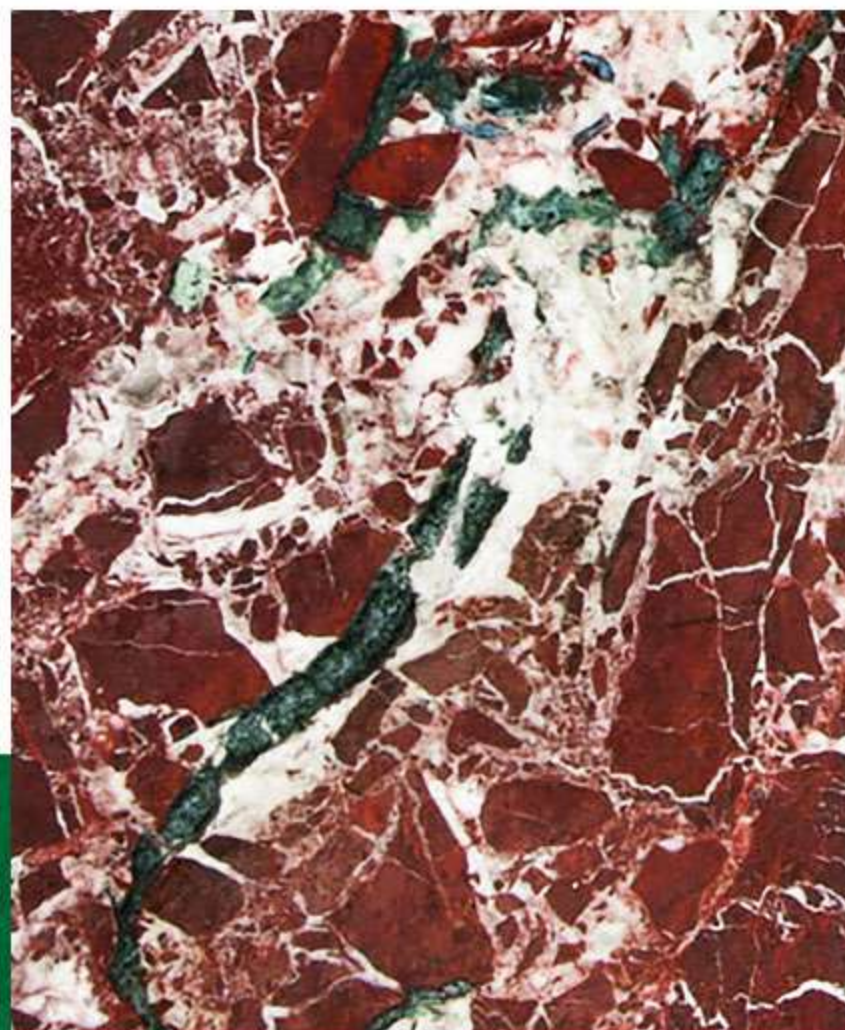

HIGH QUALITY MATERIALS

New Decors

Each edge has
a surface that is soft and
pleasant to the touch

An appearance that
strives for elegance and
durability

**WIDE BAND PRINTING
WITHOUT MINIMUM QUANTITIES**

A special finish adds distinct elements to each sample giving a deep and pleasant feel.

ITALIANA BORDI

Digital

Each sample is realised considering each individual customer request, in the constant search for excellence and high quality materials
